Objetivo

Quiere preparar un viaje para desconectar de la universidad en verano

Busca en internet destinos baratos, que no esten muy concurridos y que tengan la posibilidad de ir en grupos

Decide buscar un viaje en grupo de gente de su edad

su madre le recomiendan usar travello

Se enamora de una de las opciones que ha visto en la aplicacion y ademas es con un grupo de estudiantes

Consigue reservar, piediendol dinero a su madre

Contacto						

Emoción

Conflicto Apenas tiene tiempo para organizar el viaje

Hay pocos destinos que el considere precio que pueda pagar

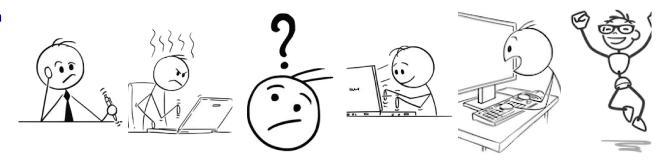

Esta confuso por que no sabe si va a tranquilos a un encajar en ese tranquilo y con tipo de actividad

Buscar opciones en un lugar buena comunicacion

No tiene dinero en ese momento para pagarlo

Tiene que devolverle (dinero a su madre lo ant posible

Features & functionality

1 Features and functionality meet common user goals and objectives.

Moderate

2 Features and functionality support users desired workflows.

Poor

Frequently-used tasks are readily available (e.g. easily accessible from the homepage) and well supported (e.g. short cuts are available).

Poor

Users are adequately supported according to their level of expertise (e. g. short cuts for expert users, help and instructions for novice users).

Moderate

Call to actions (e.g. register, add to basket, submit) are clear, well labelled and appear clickable.

Moderate

Homepage / starting page

The Homepage / starting page provides a clear snapshot and overview of the content, features and functionality available.

Good

7	The home page / starting page is effective in orienting and directing users to their desired information and tasks.	Moderate
8	The homepage / starting page layout is clear and uncluttered with sufficient 'white space'.	Poor
Nav	igation	
9	Users can easily access the site or application (e.g. the URL is predictable and is returned by search engines).	Excellent
10	The navigational scheme (e.g. menu) is easy to find, intuitive and consistent.	Moderate
11	The navigation has sufficient flexibility to allow users to navigate by their desired means (e.g. searching, browse by type, browse by name, most recent etc).	Moderate
12	The site or application structure is clear, easily understood and addresses common user goals.	Moderate
13	Links are clear, descriptive and and well labelled.	Good
14	Browser standard functions (e.g. 'back', 'forward', 'bookmark') are supported.	Good
15	The current location is clearly indicated (e.g. breadcrumb, highlighted menu item).	Good
		<u> </u>

16	Users can easily get back to the homepage or a relevant start point.	Excellent
17	A clear and well structure site map or index is provided (where necessary).	Very poor
Sea	arch	
18	A consitent, easy to find and easy to use search function is available throughout (where desirable).	Good
19	The search interface is appropriate to meet user goals (e.g. multi-parameter, prioritised results, filtering search results).	Poor
20	The search facility deals well with common searchs (e.g. showing most popular results), misspellings and abbreviations.	Poor
21	Search results are relevant, comprehensive, precise, and well displayed.	Moderate
Co	ntrol & feedback	
22	Prompt and appropriate feedback is given (e.g. following a successful or unsuccessful action).	Good
23	Users can easily undo, go back and change or cancel actions; or are at least given the chance to confirm an action before committing (e.g. before placing an order).	Moderate

24	Users can easily give feedback (e.g. via email or an online feedback / contact us form).	Moderate
For	rms	
25	Complex forms and processes are broken up into readily understood steps and sections. Where a process is used a progress indicator is present with clear numbers or named stages.	N/A
26	A minimal amount of information is requested and where required justification is given for asking for information (e.g. date of birth, telephone number).	Moderate
27	Required and optional form fields are clearly indicated.	Moderate
28	Appropriate input fields (e.g. calendar for date selection, drop down for selection) are used and required formats are indicated.	Excellent
29	Help and instructions (e.g. examples, information required) are provided where necessary.	Good
Err	ors	
30	Errors are clear, easily identifiable and appear in appropriate location (e.g. adjacent to data entry field, adjacent to form, etc.).	N/A
31	Error messages are concise, written in easy to understand language and describe what's occurred and what action is necessary.	Good
		·

32	Common user errors (e.g. missing fields, invalid formats, invalid selections) have been taken into consideration and where possible prevented.	Moderate
33	Users are able to easily recover (i.e. not have to start again) from errors.	Moderate
